Re: CES Environmental Services, Inc., Houston Superfund Site
Houston, Harris County, Texas; Site ID No; A6JP; CERCLIS #TXXXXXXXXX

Dear Sir/Madam:

The purpose of this letter is to inform *[Company Name]* (hereinafter XXXXXXXXX Company is referred to as "XXXX," "you" or "your") that the Environmental Protection Agency (EPA) conducted response actions at the CES Environmental Services, Inc. Superfund Site (Site) located in Houston, Harris County, Texas. The EPA was authorized to take these actions by the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), 42 U.S.C. § 9601 et seq. As explained in the General Notice letter that was sent to you, you have been identified as a Potentially Responsible Party (PRP) at the Site under CERCLA.

A Superfund site is a place that is contaminated with hazardous substances at levels that may present a threat to human health or the environment. Under Section 106(a) of CERCLA, PRPs may be required to perform cleanup actions to protect the public health, welfare, or the environment.

Background

This Site is a former chemical recycling facility that filed for bankruptcy in 2010. Prior to the bankruptcy, the Site had been owned and operated by CES Environmental Services, Inc. The Site is now under the control of a Trustee for the Estate appointed by the Bankruptcy Court. The Estate did not have the funding necessary to address the conditions at the Site. Materials removed from the Site included approximately 11 vacuum boxes, two roll-off boxes, 12 frac tanks, two tanker trailers, 20 aboveground storage tanks, 15 waste water treatment tanks, waste piles, and numerous totes, vats, drums, and smaller containers. Additionally, there was spillage of chemicals to exterior surfaces as well as building interiors. The Site had experienced significant vandalism since its bankruptcy in 2010, including vandalism that caused additional spillage of chemicals and waste to the ground surface and into an

Re: CES Environmental Services, Inc., Houston Superfund Site
Houston, Harris County, Texas; Site ID No; A6JP; CERCLIS #TXXXXXXXXX

Add the
CERCLIS #

Dear Sir/Madam:

The purpose of this letter is to inform [Company Name] (hereinafter XXXXXXXXX Company is referred to as "XXXX," "you" or "your") that the Environmental Protection Agency (EPA) conducted response actions at the CES Environmental Services, Inc. Superfund Site (Site) located in Houston, Harris County, Texas. The EPA was authorized to take these actions by the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), 42 U.S.C. § 9601 et seq. As explained in the General Notice letter that was sent to you, you have been identified as a Potentially Responsible Party (PRP) at the Site under CERCLA.

Houston
date letter was sent

A Superfund site is a place that is contaminated with hazardous substances at levels that may present a threat to human health or the environment. Under Section 106(a) of CERCLA, PRPs may be required to perform cleanup actions to protect the public health, welfare, or the environment.

Background

This Site is a former chemical recycling facility that filed for bankruptcy in 2010. Prior to the bankruptcy, the Site had been owned and operated by CES Environmental Services, Inc. The Site is now under the control of a Trustee for the Estate appointed by the Bankruptcy Court. The Estate did not have the funding necessary to address the conditions at the Site. Materials removed from the Site included approximately 11 vacuum boxes, two roll-off boxes, 12 frac tanks, two tanker trailers, 20 aboveground storage tanks, 15 waste water treatment tanks, waste piles, and numerous totes, vats, drums, and smaller containers. Additionally, there was spillage of chemicals to exterior surfaces as well as building interiors. The Site had experienced significant vandalism since its bankruptcy in 2010, including vandalism that caused additional spillage of chemicals and waste to the ground surface and into an adjacent residential neighborhood. Emergency responses to these spills have involved the Estate, City of Houston, Texas Commission on Environmental Quality (TCEQ) and the EPA. These spill responses were addressed by TCEQ and the EPA.

operated from Date to Date
CES Envtl, Inc. operated the site
filed for bankruptcy

The information provided by the Estate's consultant shows that there were hazardous wastes along with

into EPA sampling info

various hazardous substances within containers located on the Site. The hazardous substances included but were not limited to benzene (D018), creosol (D023-026), 2,4,6-trichlorophenol (D042), MEK (D035), 1,2-dichloroethane (D028), and chemicals with a hazardous pH (D002, or are ignitable (D001). These chemicals are hazardous substances as defined by Section 101(14) of CERCLA, 42 U.S. C. 9601(14), and further defined at 40 C.F.R. 302.4.

What were the dates of the EPA removal action?

Demand for Payment and Opportunity to Meet

To date, the approximate total response costs identified through September 30, 2017 are \$4,255,734.95 (Enclosure 1). The EPA hereby makes a demand for payment from ~~[Company Name]~~ for the above amount plus interest. Pursuant to Section 107(a) of CERCLA, 42 U.S.C. § 9607(a), interest shall accrue from the later of (i) the date that a specified amount is demanded in writing, or (ii) the date of the actual expenditure concerned. The current annual rate of interest is 0.78 percent.

Please make your payment. . . (See RAB letter)

By this letter, EPA is offering ~~[Company Name]~~ the opportunity to settle the EPA's CERCLA claims related to the ~~CES, Inc. Superfund Site.~~ ~~The CES Griggs Road PRP Group entered into the Voluntary Cleanup Program to further assess and remediate the Site.~~ Lubrizol is a participant in that PRP group. Lubrizol's counsel, Ms. Karen Walter, has agreed to be the point of contact to facilitate an agreement with the EPA. If ~~[Company Name]~~ would like to participate in the settlement, and meet with other PRPs, please write or email Ms. Karen Walter by March 30, 2018. ~~Ms. Walter's contact information appears after this paragraph.~~ If we or the CES Griggs Road PRP Group do not receive your letter or email by **March 30, 2018**, we will assume that ~~[Company Name]~~ is not interested in settling at this time.

Ability to Pay Settlement

Under Section 122(g)(7) of CERCLA, 42 U.S.C. § 9622(g)(7), the EPA may settle with a PRP for a reduced amount if the PRP can show an inability or limited ability to pay response costs. The EPA will take into consideration the PRP's overall financial condition and demonstrable constraints on its ability to raise revenue. If the EPA determines that the PRP is unable to pay its full settlement amount at the time of settlement, the EPA may consider alternative payment methods (such as payments made in installments).

If [Company Name] believes it qualifies for a reduction in settlement amount and/or alternative payment method under Section 122(g)(7) of CERCLA, please contact Mr. David Eppler at the address and phone number listed below. The EPA will request that Joslyn submit certain financial information necessary for the EPA to evaluate its ability to pay.

Also, please note that because the EPA has a potential claim against [Company Name], if [Company Name] financial status changes in any significant way, i.e., [Company Name] files for bankruptcy, it must include the EPA as a creditor.

The Small Business Regulatory Enforcement Fairness Act (SBREFA)

The Small Business Regulatory Enforcement Fairness Act (SBREFA) established an ombudsman (SBREFA Ombudsman) and ten Regional Fairness Boards to receive comments from small businesses about federal agency enforcement actions. The SBREFA Ombudsman will annually rate each agency's responsiveness to small businesses. If Joslyn believes that it falls within the Small Business Administration's definition of a small business (based on its Standard Industrial Code (SIC) designation, number of employees or annual receipts, defined at 13 C.F.R. §121.201; in most cases, this means a business with 500 or fewer employees), and wishes to comment on federal enforcement and compliance activities, please call the SBREFA Ombudsman's toll-free number at 1-888-REG-FAIR (1-888-734-3247).

The Small Business Liability Relief and Brownfields Revitalization Act (Pub. L. No. 107-118) contains several exemptions to CERCLA liability, which we suggest that all parties to potential settlements evaluate. You may obtain a copy of the law via the Internet at <http://thomas.loc.gov> or <http://www.epa.gov/swerosps/bf/sblrbra.htm>. Also enclosed with this letter is a fact sheet, Enclosure 2, which provides information that may be helpful to small businesses.

- No cover sheet for this Enclosure
- Enclosure not listed on signature page

To assist you in your efforts to communicate, please find the following documents enclosed:

- Potentially Responsible Parties (PRPs)*
1. A list of ~~entities~~ receiving the Demand Letter *PRPs*
 2. A list of ~~entities~~ who have recently received General Notice / Demand Letters
 3. Aerial photograph/map of the Site.
 4. Unreconciled Cost Summary of EPA Expenditures

The EPA has established an Administrative Record that contains documents that serve as the basis for the EPA's selection of a cleanup action for the Site. The Administrative Record for the CES, Inc. Superfund Site is available at the following location:

Young Library
Dominick Spinelli, Assistant ^Manager
5260 Griggs Road, Palm Center
Houston, Texas 77021

The Administrative Record is also available for inspection at the Superfund Records Center, EPA Region 6. To access the Administrative Record at EPA Region 6, please contact Mr. Eppler whose phone number, mail, and email address are listed above.

Resources and Information for Small Businesses

As you may be aware, the Superfund Small Business Liability Relief and Brownfields Act contains several exemptions and defenses to CERCLA liability, which we suggest that all parties evaluate. You may download a copy of the law at <http://www.gpo.gov/fdsys/pkg/PLAW-107publ118/pdf/PLAW-107publ118.pdf> and review EPA guidance documents regarding these exemptions at <http://cfpub.epa.gov/compliance/resources/policies/cleanup/superfund/>.

In addition, if you are a "service station dealer" who accepts used oil for recycling, you may qualify for an exemption from liability under Section 114(c) of CERCLA. EPA guidance regarding this exemption can be found on the Agency's website at <http://www.epa.gov/enforcement/guidance-superfunds-service-station-dealers-exemption>. If you believe you may qualify for the exemption, please contact Enforcement Officer David Eppler, whose contact information can be found above in this letter.

The EPA has created a number of helpful resources for small businesses. The EPA has established the National Compliance Assistance Clearinghouse as well as Compliance Assistance Centers which offer various forms of resources to small businesses. You may inquire about these resources at <http://www.epa.gov/compliance/compliance-assistance-centers>. In addition, the EPA Small Business Ombudsman may be contacted at <http://www.epa.gov/resources-small-businesses/forms/contact-us-about-resources-small-businesses>. Finally, EPA has developed a fact sheet about the Small Business Regulatory Enforcement Fairness Act (SBREFA) and information on resources for small businesses, which is enclosed with this letter and available on the Agency's website at <http://www.epa.gov/compliance/small-business-resources-information-sheet>.

~~Financial Concerns/~~Ability to Pay Settlements

The EPA is aware that the financial ability of some PRPs to contribute toward the payment of response costs at a site may be substantially limited. If you believe, and can document, that you fall within that category, please contact EPA Enforcement Officer David Eppler, whose contact information is provided

above in this letter.

Mr. Eppler can provide information on ability to pay settlements. In response, you will receive a package of information about the potential for such settlements and a form to fill out with information about your finances, and you will be asked to submit financial records including business federal income tax returns. If the EPA concludes that ~~[Company Name]~~ ^{you} has a legitimate inability to pay the full amount of the EPA's costs, the EPA may offer a schedule for payment over time or a reduction in the total amount demanded from ~~[Company Name]~~.

Also, please note that because the EPA has a potential claim against you, you must include the EPA as a creditor if you file for bankruptcy. The EPA reserves the right to file a proof of claim or an application for reimbursement of administrative expenses. *stating it's willing to negotiate*

Upon reviewing the Demand, please provide a written response to Mr. David Eppler, Enforcement Officer, within **30 calendar days** after you receive this letter, and contact Ms. Karen Walter of your intent to join the CES PRP Griggs Road Group. Your response must identify your intent to, or not to, enter into settlement negotiations with the EPA concerning this matter. Please mail your written response to Mr. Eppler at the address that appears in the Demand.

We look forward to working with you during the coming months.

Sincerely yours,

Carl E. Edlund, P.E.
Director
Superfund Division

RE: General Notice Letter, Demand Letter, and Offer to Meet for Settlement for
CES Environmental Services, Inc. - Houston Superfund Site in Houston, Harris County, Texas

Dear Sir/Madam:

Heard its
The purpose of this letter is to notify you of your potential liability at the CES Environmental Services, Inc. - Houston Superfund Site (Site) and to invite you to join in settlement negotiations and collectively meet with the U.S. Environmental Protection Agency (EPA). The street address for the Site is 4904 Griggs Road, Houston, Harris County, Texas. ~~The street addresses of the contiguous properties that are part of the Site are 4900 Griggs Road and 5910 Wayland Street. The Site is surrounded by residential, educational and commercial properties.~~ Based on available information, the EPA has determined that you may be responsible under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), commonly known as the federal "Superfund" law, for cleanup of the Site or costs the EPA has incurred in cleaning up the Site.

Explanation of Potential Liability

A Superfund Site is a place that is contaminated with hazardous substances at levels that may present a threat to human health or the environment. Under Sections 106 and 107 of CERCLA, 42 U.S.C. §§ 9606 and 9607, potentially responsible parties (PRPs) may be required to perform cleanup actions to protect the public health and welfare or the environment. PRPs may also be responsible for costs incurred by the EPA in cleaning up the Site. PRPs include current and former owners and operators of the Site, as well as persons who sent or transported hazardous substances to the Site for disposal or treatment or who arranged for the disposal or treatment of hazardous substances at the Site.

Under CERCLA, specifically Sections 106(a) and 107(a), PRPs may be required to perform cleanup actions to protect the public health, welfare, or the environment. PRPs may also be responsible for costs incurred by the EPA in cleaning up the Site, unless the PRP can show divisibility of harm or any of the statutory defenses. PRPs include current and former owners and operators of a site, as well as persons who arranged for treatment and/or disposal of any hazardous substances found at the site, and persons who accepted hazardous substances for transport and selected the site to which the hazardous substances were delivered.

You have been identified as a PRP who either sent hazardous substances for disposal or treatment to the Site or generated certain hazardous substances that the EPA has found at the Site. For this reason, the attached General Notice concerning the removal action (Enclosure 1) is being sent to you. The General Notice requests your cooperation in conducting the on-going removal action at the Site and for reimbursement of past and future costs. Enclosure 2 contains copies of the documents used to identify you as a PRP. Enclosure 3 contains a list of the entities who are receiving this General Notice. Enclosure 4 contains a list of the entities who have previously received General Notice letters.

Site Background

This Site is a former chemical recycling facility that filed for bankruptcy in 2010. Prior to the bankruptcy, the Site had been owned and operated by CES Environmental Services, Inc. The Site is now under the control of a Trustee for the Estate appointed by the Bankruptcy Court. The Estate did not have the funding necessary to address the conditions at the Site. Materials removed from the Site included approximately 11 vacuum boxes, two roll-off boxes, 12 frac tanks, two tanker trailers, 20 aboveground storage tanks, 15 waste water treatment tanks, waste piles, and numerous totes, vats, drums, and smaller containers. Additionally, there was spillage of chemicals to exterior surfaces as well as building interiors. The Site had experienced significant vandalism since its bankruptcy in 2010, including vandalism that caused additional spillage of chemicals and waste to the ground surface and into an adjacent residential neighborhood. Emergency responses to these spills have involved the Estate, City of Houston, Texas Commission on Environmental Quality (TCEQ) and the EPA. These spill responses were addressed by TCEQ and the EPA.

The information provided by the Estate's consultant shows that there were hazardous wastes along with various hazardous substances within containers located on the Site. The hazardous substances included but were not limited to benzene (D018), creosol (D023-026), 2,4,6-trichlorophenol (D042), MEK (D035), 1,2-dichloroethane (D028), and chemicals with a hazardous pH (D002, or are ignitable (D001). These chemicals are hazardous substances as defined by Section 101(14) of CERCLA, 42 U.S. C. 9601(14), and further defined at 40 C.F.R. 302.4.

Response Actions to Date

On or about September 3, 2014, the EPA mobilized its contractors to begin addressing the wastes and spills at the Site. On June 10, 2015, the EPA demobilized from the Site.

As of June 3, 2015, the EPA Team and the Trustee had addressed the following:

1. Management of storm water to reduce off-site overflow of contaminated storm water from the Site.
2. Removal of wastes from ten of twelve vacuum boxes and from two of two roll-off boxes.
3. Removal of wastes from eight of twelve frac tanks. Three frac tanks currently hold wastes.

4. Removal of liquid, i.e., pumpable wastes from eleven of twenty-three aboveground storage tanks (AST). Sludge and residual materials remain until sludge removal and tank cleaning of ASTs is completed.
5. Empty totes/drums have been segregated for temporary storage.
6. Waste piles dumped to the ground from the theft of seven roll-off boxes was removed by the Trustee.
7. Lab chemicals/company process samples were collected and disposed by the Trustee.
8. Process chemicals were collected and disposed by the Trustee.

On June 10, 2015, TCEQ signed a Voluntary Cleanup Program Agreement with the CES Griggs Road PRP Group (CES Group). The agreement required the CES Group to submit to TCEQ an Affected Property Assessment Report not later than December 31, 2015, a Response Action Plan not later than 120 days after TCEQ's approval of Affected Property Assessment Report, and a Response Action Completion Report not later than 90 days after completion of the response action. The agreement also required the CES Group to establish and maintain a website accessible to the public to keep the public informed of ongoing activities at the Site.

Demand for Reimbursement of Costs

In accordance with Section 104 of CERCLA, 42 U.S.C. § 9604, EPA has already taken certain response actions and incurred certain costs in response to conditions at the Site. These response actions are described above in this letter. From inception of the response actions at the Site until **December 31, 2017**, the EPA has incurred costs of approximately **[insert costs from latest SCORPIOS report:]** on the Removal Action at the Site. With this letter, the EPA demands that **Hexion, Inc.** reimburse the EPA for its costs incurred to-date. The EPA encourages **Hexion, Inc.** to voluntarily negotiate an administrative settlement agreement in which **Hexion, Inc.** and other PRPs agree to pay the EPA. The EPA is seeking to recover from **Hexion, Inc.** and other PRPs at the Site its response costs and all the interest authorized to be recovered under Section 107(a) of CERCLA, 42 U.S.C. § 9607. A summary of these costs is enclosed.

Please note that some or all of the costs associated with this offer may be covered by current or past insurance policies issued to **Hexion, Inc.** Most insurance policies will require that the insured timely notify its carriers of claims against it. To evaluate whether **Hexion, Inc.** should notify its insurance carriers of this demand, you may wish to review current and past policies, beginning with the date that **Hexion, Inc.** first made contact with CES, Inc. up to the present. Coverage depends on many factors, such as the language of the particular policy and state law.

Opportunity to Settle

By this letter, EPA is offering **Hexion, Inc.** the opportunity to settle the EPA's CERCLA claims related to the CES, Inc. Superfund Site. If **Hexion, Inc.** would like to participate in the settlement, and meet with other PRPs and the EPA, please write or email EPA Enforcement Officer David Eppler by **March 30, 2018**. Mr. Eppler's contact information appears after this paragraph. If we do not receive your letter or email by **March 30, 2018**, we will assume that **Hexion, Inc.** is not interested in settling at this time.

Mr. David Eppler
Superfund Technical and Enforcement Section (6SF-TE)
U.S. Environmental Protection Agency Region 6
1445 Ross Avenue
Dallas, Texas 75202-2733
(214) 665-6529
eppler.david@epa.gov

Final approval of any settlement is subject to the review of authorized EPA and United States Department of Justice (DOJ) officials.¹ If you have any questions about the CES, Inc. Superfund Site, or how to respond to this settlement offer, please contact Mr. Eppler, whose contact information appears above in this letter. Your attorney may contact EPA attorney Amy Salinas at:

Ms. Amy Salinas
Office of Regional Council (6RC-S)

Dallas, Texas 75202-2733
214-665-8063
salinas.amy@epa.gov

Information to assist in the settlement of EPA's CERCLA claims

The EPA would like to encourage communication between you, other PRPs, and the EPA regarding the Site. The EPA recommends that all PRPs meet or teleconference to select a "steering committee" that will be responsible for representing the group's interests, and then meet with the EPA to facilitate settlement of all parties. We respectfully request that a representative of each of the parties listed in **Appendix 'X'** arrange for a representative to meet with the EPA on **May 30, 2018** at the address above. Establishing a manageable group is critical to successful negotiations with the EPA. The EPA encourages each PRP to select one person from its company or organization to represent its interests to the EPA.

¹ After all parties have approved the settlement and final EPA and DOJ approval, EPA will publish the settlement for public comment and, barring any unforeseen circumstances, will notify you of the effective date of the settlement shortly thereafter.

To assist you in your efforts to communicate, please find the following documents enclosed:

1. A list of names and addresses of PRPs to whom this letter, or past letters is being or has been sent.
2. A DVD containing a spreadsheet that lists, to the extent information is available, the number of drums and the type of substances contributed by each PRP to the Site to-date. This is an initial list and subject to change based upon new information.
3. An aerial photograph/map of the Site.
4. A Superfund Cost Recovery Package Imaging and On-Line System (SCORPIOS) report summarizing costs paid by EPA at the CES, Inc. Superfund Site from inception to **December 31, 2017.**

The EPA has established an Administrative Record that contains documents that serve as the basis for the EPA's selection of a cleanup action for the Site. The Administrative Record for the CES, Inc. Superfund Site is available online at the following URL:

<https://cumulis.epa.gov/supercpad/cursites/cadminrecord.cfm?id=0604445>

The Administrative Record is also located at the following address^{es}:

Texas Commission on Environmental Quality (TCEQ)
12100 Park 35 Circle
Austin, TX 78753

The Administrative Record is also available for inspection at the Superfund Records Center, EPA Region 6. To access the Administrative Record at EPA Region 6, please contact Mr. Eppler whose phone number, mail, and email address are listed above.

As provided in the settlement agreement, each Settling Party will resolve its liability to the United States within the meaning of Sections 113(f)(2) and 122(h)(4) of CERCLA, 42 U.S.C. §§ 9613(f)(2) and 9622(h)(4), and will be entitled to protection from contribution actions or claims as provided by Sections 113(f)(2) and 122(h)(4) of CERCLA for the "matters addressed" in the Settlement Agreement. The covenant not to sue is subject to certain reservations described in the settlement agreement. The "matters addressed" in the enclosed settlement agreement are Past Response Costs for the Site, as defined in the settlement agreement. This protection against contribution claims, however, may not protect against claims by other parties that have incurred their own response costs and seek to recover them under CERCLA Section 107(a)(4)(B), 42 U.S.C. § 9607(a)(4)(B). *See United States v. Atlantic Research Corporation*, 172 S.Ct. 2331, 169 L.Ed. 2d 28 (June 11, 2007) (in certain situations, a liable party who has incurred cleanup costs at a Superfund site can sue other liable parties under CERCLA § 107(a)(4)(B)).

Resources and Information for Small Businesses

As you may be aware, the Superfund Small Business Liability Relief and Brownfields Act contains several exemptions and defenses to CERCLA liability, which we suggest that all parties evaluate. You may download a copy of the law at <http://www.gpo.gov/fdsys/pkg/PLAW-107publ118/pdf/PLAW-107publ118.pdf> and review EPA guidance documents regarding these exemptions at <http://cfpub.epa.gov/compliance/resources/policies/cleanup/superfund/>.

In addition, if you are a “service station dealer” who accepts used oil for recycling, you may qualify for an exemption from liability under Section 114(c) of CERCLA. EPA guidance regarding this exemption can be found on the Agency’s website at <http://www.epa.gov/enforcement/guidance-superfunds-service-station-dealers-exemption>. If you believe you may qualify for the exemption, please contact Enforcement Officer David Eppler, whose contact information can be found above in this letter.

The EPA has created a number of helpful resources for small businesses. The EPA has established the National Compliance Assistance Clearinghouse as well as Compliance Assistance Centers which offer various forms of resources to small businesses. You may inquire about these resources at <http://www.epa.gov/compliance/compliance-assistance-centers>. In addition, the EPA Small Business Ombudsman may be contacted at <http://www.epa.gov/resources-small-businesses/forms/contact-us-about-resources-small-businesses>. Finally, EPA has developed a fact sheet about the Small Business Regulatory Enforcement Fairness Act (SBREFA) and information on resources for small businesses, which is enclosed with this letter and available on the Agency’s website at <http://www.epa.gov/compliance/small-business-resources-information-sheet>.

Financial Concerns/Ability to Pay Settlements

The EPA is aware that the financial ability of some PRPs to contribute toward the payment of response costs at a site may be substantially limited. If you believe, and can document, that you fall within that category, please contact EPA Enforcement Officer David Eppler, whose contact information is provided above in this letter.

Mr. Eppler can provide information on ability to pay settlements. In response, you will receive a package of information about the potential for such settlements and a form to fill out with information about your finances, and you will be asked to submit financial records including business federal income tax returns. If the EPA concludes that **[Name of PRP Company]** has a legitimate inability to pay the full amount of the EPA’s costs, the EPA may offer a schedule for payment over time or a reduction in the total amount demanded from **[Name of PRP Company]**.

Also, please note that because the EPA has a potential claim against you, you must include the EPA as a creditor if you file for bankruptcy. The EPA reserves the right to file a proof of claim or an application for reimbursement of administrative expenses.

Upon reviewing the enclosed General Notice, please provide a written response to Mr. David Eppler, Enforcement Officer, within **30 calendar days** after you receive this letter. Your response must identify your intent to, or not to, enter into settlement negotiations with the EPA concerning this matter. Please mail your written response to Mr. Eppler at the address that appears in the General Notice.

We look forward to working with you during the coming months.

Sincerely yours,

Carl E. Edlund, P.E.
Director
Superfund Division

Enclosures:

Parties receiving this Notice

1. A list of ~~names and addresses of PRPs to whom this letter is being sent.~~
2. A DVD containing a spreadsheet that lists, to the extent information is available, the number and type/size of containers and/or the type of substances contributed by each PRP to the Site to-date. This is an initial list and subject to change based upon new information.
3. ~~Aerial~~ photograph/map of the Site.
4. ~~Superfund Cost Recovery Package Imaging and On-Line System (SCORPIOS) report summarizing costs paid by the EPA at the CES, Inc. Superfund Site from inception to December 31, 2017.~~

ENCLOSURE 2
GENERAL NOTICE REGARDING
CES ENVIRONMENTAL SERVICES, INC.- HOUSTON
HOUSTON, HARRIS COUNTY, TEXAS

EVIDENTIARY DOCUMENTATION

SAMPLES OF EVIDENCE

Enclosed are copies of samples of documented evidence that identifies the name of your company. The examples are not intended to represent all the evidence in CES records. It is only a representative sample that identifies:

1. A waste hazardous substance that was generated by your company and was transported to the Site for disposal and/or recycling, or
2. A waste hazardous substance that was generated by your company and that was transported in a CES tanker trailer to a facility other than the Site for disposal and/or recycling. The EPA believes that residue of the waste hazardous substance that had been transported in the CES tanker trailer was released at the Site when the interior of the CES tanker trailer was cleaned at the Site.

The property described below, in apparent good order, except as noted (content and condition of packages unknown, marked, consigned, and destined as indicated below), which said carrier (the word carrier being understood throughout this bill as meaning any person or corporation authorized to be in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. This Bill of Lading is a receipt for goods; it is not of itself a contract of carriage. It is mutually agreed, as to each carrier of all or as to any said over all or any portion of said route to destination, and as to each party at any time interested in all or any of said property, that every service to be performed hereunder shall be subject to all the terms and conditions contained in the applicable contract between shipper and carrier or intermediary.

For payment, charges to be billed to shipper or the "Billed to" party are set forth in the governing contract with shipper. No charges other than those contained therein may be billed to shipper or the "Billed to" party without prior written consent of shipper. The extra copy of this Bill of Lading, furnished at the time of shipment, must be attached to the freight bill submitted to shipper or the "Billed to" party and sent to:

RE: General Notice Letter for the CES Environmental Services, Inc. - Houston Superfund Site in
Houston, Harris County, Texas

Dear Sir/Madam:

The purpose of this letter is to notify you of your potential liability at the CES Environmental Services, Inc. - Houston Superfund Site (Site) and to invite you to join in settlement negotiations with the U.S. Environmental Protection Agency (EPA). The street address for the Site is 4904 Griggs Road, Houston, Harris County, Texas. The street addresses of the contiguous properties that are part of the Site are 4900 Griggs Road and 5910 Wayland Street. The Site is surrounded by residential, educational and commercial properties. Based on available information, the EPA has determined that you may be responsible under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), commonly known as the federal "Superfund" law, for cleanup of the Site or costs the EPA has incurred in cleaning up the Site.

Explanation of Potential Liability

A Superfund Site is a place that is contaminated with hazardous substances at levels that may present a threat to human health or the environment. Under Sections 106 and 107 of CERCLA, 42 U.S.C. §§ 9606 and 9607, potentially responsible parties (PRPs) may be required to perform cleanup actions to protect the public health and welfare or the environment. PRPs may also be responsible for costs incurred by the EPA in cleaning up the Site. PRPs include current and former owners and operators of the Site, as well as persons who sent or transported hazardous substances to the Site for disposal or treatment or who arranged for the disposal or treatment of hazardous substances at the Site.

Under CERCLA, specifically Sections 106(a) and 107(a), PRPs may be required to perform cleanup actions to protect the public health, welfare, or the environment. PRPs may also be responsible for costs incurred by the EPA in cleaning up the Site, unless the PRP can show divisibility of harm or any of the statutory defenses. PRPs include current and former owners and operators of a site, as well as persons who arranged for treatment and/or disposal of any hazardous substances found at the site, and persons who accepted hazardous substances for transport and selected the site to which the hazardous substances were delivered.

CES PROFILE #
11a) 2042
11b)
11c)
11c)

The property described below, in apparent good order, except as noted (content and condition of packages unknown), marked, consigned, and destined as indicated below, which said carrier (the word carrier being understood throughout this as meaning any person or corporation authorized to be in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. This Bill of Lading is a receipt for goods; it is not of itself a contract of carriage. It is mutually agreed, as to each carrier of all or as to any said over all or any portion of said route to destination, and as to each party at any time interested in all or any of said property, that every service to be performed hereunder shall be subject to all the terms and conditions contained in the applicable contract between shipper and carrier or intermediary.

For payment: Charges to be billed to shipper or the "Billed to" party are set forth in the governing contract with shipper. No charges other than those contained therein may be billed to shipper or the "Billed to" party without prior written consent of shipper. 11a) 3998
11b)
11c)
11c)

The property described below, in apparent good order, except as noted (content and condition of packages unknown), marked, consigned, and destined as indicated below, which said carrier (the word carrier being understood throughout this as meaning any person or corporation authorized to be in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. This Bill of Lading is a receipt for goods. It is not of itself a contract of carriage. It is mutually agreed, as to each carrier of all or as to any said over all or any portion of said route to destination, and as to each party at any time interested in all or any of said property, that every service to be performed hereunder shall be subject to all the terms and conditions contained in the applicable contract between shipper and carrier or intermediary.

For payment: Charges to be billed to Shipper or the "Billed to" party are set forth in the governing contract with Shipper. No charges other than those contained therein may be billed to Shipper or the "Billed to" party without prior written consent of Shipper. The extra copy of this Bill of Lading, furnished at the time of shipment, must be attached to the freight bill submitted to Shipper or the "Billed to" party and sent to:

CONSIGNEE TO :

11c)
11c)

The property described below, in apparent good order, except as noted (content and condition of packages unknown), marked, consigned, and destined as indicated below, which said carrier (the word carrier being understood throughout this as meaning any person or corporation authorized to be in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. This Bill of Lading is a receipt for goods; it is not of itself a contract of carriage. It is mutually agreed, as to each carrier of all or as to any said over all or any portion of said route to destination, and as to each party at any time interested in all or any of said property, that every service to be performed hereunder shall be subject to all the terms and conditions contained in the applicable contract between shipper and carrier or intermediary.

For payment: Charges to be billed to Shipper or the "Billed to" party are set forth in the governing contract with Shipper. No charges other than those contained therein may be billed to Shipper or the "Billed to" party without prior written consent of Shipper. The extra copy of this Bill of Lading, furnished at the time of shipment, must be attached to the freight bill submitted to Shipper or the "Billed to" party and sent to:

CONSIGNEE TO :

Waste Pre-Acceptance/Approval Letter

Date 11/30/2007

Dear Ralph Mendoza

Thank you for choosing CES Environmental Services, Inc. for your waste disposal and/or recycling needs. The following waste stream has been approved at our facility in Houston, TX. If the waste received does not conform to the profile, then rejection or additional charges may apply.

CES Profile # 2540

Expiration Date 12/4/2009

Generator: Century Asphalt (Humble)

**Address: 15409 Old Humble Road
 Humble, TX 77396**

Waste Information

Name of Waste: Recyclable hydrocarbon and water mixture

TCEQ Waste Code #: Recycle

Container Type:

Detailed Description of Process Generating Waste:

Removal of water and fuel oil mixture from containment

Color: dark Odor: slightly hydrocarbon pH: 3-11

Physical State:

Incompatibilities: none known

Safety Related Data/Special Handling:

std

If you have any questions concerning this approval and/or the conditions, then please feel free to contact our office at (713) 676-1460.

Thank you,

BEFORE

The property described below, in apparent good order, except as noted (content and condition of packages unknown), received, consigned, and destined as indicated below, which said carrier (the word carrier being understood throughout this as meaning any person or corporation authorized to be in possession of the property under the contract) agrees to carry to its unusual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. This Bill of Lading is a receipt for goods; it is not of itself a contract of carriage. It is mutually agreed, as to each carrier or all or as to any said over all or any portion of said route to destination, and as to each party at any time interested in all or any of said property, that every service to be performed hereunder shall be subject to all the terms and conditions contained in the applicable contract between shipper and carrier or intermediary.

For payment charges to be billed to Shipper or the "Billed to" party are set forth in the governing contract with Shipper. No charges other than those contained therein may be billed to Shipper or the "Billed to" party without prior written consent of Shipper. The extra copy of this Bill of Lading, furnished at the time of shipment, must be attached to the freight bill submitted to Shipper or the "Billed to" party and sent to:

CONSIGNEE TO :

CES Environmental Services, Inc.
4904 Griggs Rd.
Houston, TX 77021

CARRIER :

CES Environmental Services, Inc.
4904 Griggs Rd.
Houston, TX 77021

This is to certify that the product listed below are properly classified, described, packaged, marked and labeled and is in proper condition for transportation according to the applicable regulations of the Department of Transportation. If this Shipment moves between to ports by a carrier by water, the law requires that the Bill of Lading shall state whether it is "carrier's or shipper's weight."

Intermodal Certificate: All information required by Federal Highway Administration regulations at 49 CFR 393.640 implementing the Intermodal Safe Container Act of 1992 is set forth on the face of this bill of lading. The shipper name herein is the tendering party.
